

Robert T. Lagemann Papers

Preliminary Inventory

Box 1 - 4

Note cards

Box 5

Scientific catalogs

Box 6 – 7

Biographical material on various science figures

Boxes 8

Research on Barnard for history of physics at VU book

Correspondence with William Sheehan, who was preparing book on EEB for
Cambridge University Press

Box 9

Lectures and lecture notes

Research notes

Advice to grad students on submitting papers to professional journals

Paper submitted to Office of War Information c1945 on “Possibilities for
Industrial Use of Atomic Energy” – approved for release by authorities of
Manhattan project – translated & broadcast to Italy c1947

Boxes 10 – 12

Research on Barnard for history of physics at VU book

Correspondence with William Sheehan, who was preparing book on EEB for
Cambridge University Press

Box 13 – 15

Biographical material on various science figures

Box 16

Physics program development 1960s-1980s

Administrative files

Writings

List of publications

List of theses directed by Lagemann

Book contracts c1950s-1960s

Personal papers

Resignation from VU

Salary letters

Awards won

Box 17

- Miscellaneous subject files
- Planning studies for physics department
- Talks given

Box 18

- Subject files
- Administrative papers
- Writings
- Reel-to-reel of campus radio broadcast

Box 19

- Alexander Winchell material c1879/80
- Biographical material on early science figures at VU and elsewhere
- Moon landing material, 1969
- Teaching material and associated research
 - Nuclear physics
 - Wire models in optics
 - Liquid air
 - Surface tension, etc

Box 20

- Subject files
- Teaching notes and material

Box 21

- People subject files
- Photographs

Box 22

- Photos on variety of science figures/people and topics
 - Anti-gravity experiments photo
- Research notes for book on VU physics department

Box 23

- Subject files
- Administrative papers
- History of graduate program

Box 24

- VU book research
- Subject files

Box 25 – 26

- Current

Box 27

Research Instruments

Box 28 – 30

Landon Cabell Garland material

Box 31 – 34

History of the Physics Department

Box 35 – 36

Books published

Boxes 37 – 38

Correspondence

Box 38

Landon Cabell Garland

Boxes 39 – 41

Correspondence

Box 42

Manhattan project

WW II material

Research notes c1970s

Lab notebooks 1930s

Box 43

Calendars

Miscellaneous

Box 44 – 45

Biographies of professors

Box 45

Administrative papers

Box 46 – 47

Coursework material
